LEARN ABOUT YOUR CHILD’S READING ABILITIES!

We ask 10 to 14 year old children with and without reading disabilities and their parent to call and come in for this research study.

- Call to make sure this is the right study for you (15 minutes)
- Come for two days of research activities including.
- Paper & pencil tasks, Computerized tests, Magnetic Resonance Imaging (MRI) scan of your brain.

We will provide:

- School (reading) testing for all eligible participants
- A written summary of your child’s performance
- $75 check mailed to your home after the study is completed.
